Venue: Akshar Speech, Vindhya C4
Members Present : Vivek Ghaisas, Shubham Rathi, Lasya V, Vamshi Palabatla
Date: 22nd August, 2014

1. The meeting was planned to get an insight into the features and functions that the client sought in the proposed software 'Emodata'.
2.
3. The team sat for a group think activity with the client which brought clarity on the following:
   Client Base
   Customer Behavior
   Application Behavior
4. Back End and Software's interaction
5. The client desired a prototype alike to an open source software 'Praat'
6. The client sought that C be the development language and as far as possible, all libraries be custom written.
